The emphasis of this year's event is on "Building a Winning Team." The conference will begin with a general session on "Team Building."

The Department of Children and Family Services, in collaboration with the California Department of Social Services provides continuous training for foster caregivers. The goal is to continuously support foster parents in the development of caregiving skills and thereby enhance their ability to provide quality care for our children. This year we are working closely with various community and county departments in order to provide fifteen workshops of high quality and keen relevance to foster parents.

If you would like further information, you may contact Michelle Saulters at (213) 351-5787. I am looking forward to seeing you.
